**COMPANY
PROFILE**

COMPANY OVERVIEW

Rehoboth Fire & Safety (Pty) LTD was established to provide the industry with professional, skilled and proficient Fire Safety and Design solutions.

Rehoboth Fire & Safety's founding members have 9+ years experience in the Fire Industry and have worked on projects both locally and internationally.

Some of the projects we have worked on internationally were based in Tanzania, Australia, Arizona US, Canada and United Kingdom.

Our aim is to protect industries and minimize life threatening situations as a result of fires to ensure business continuity thereby increasing the socio-economic productivity.
